

18 July 1972

JMM:

In response to my call today, I was advised by OMB that they had cleared the Director's letter on S. 3529 (advisory committees) for transmittal to Chairman McClellan.

As you recall, the Director wants you to discuss this orally with McClellan when the letter is delivered.

Attached is the letter for delivery to Senator McClellan and for your information, our analysis of the legislation, recommendation to the Director, etc.
